Maximizing the Benefits of Family Search
and
Irish Genealogy

1:00pm - 2:30pm *Maximizing the Benefits of Family Search*

Familysearch.org is a great resource for genealogists (*and it's FREE*). An overview of its features will be discussed. We will investigate the site's many "nooks and crannies." Tips, tricks, and shortcuts will be presented to help you maximize the benefits from using FamilySearch.

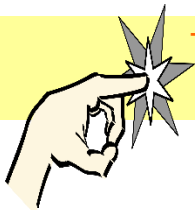

2:45pm – 4:00pm *Irish Genealogy*

Researching your Irish Ancestors can be challenging, especially if you are not sure of where in Ireland your family resided. Before venturing into Irish records, it is important that you do a thorough search in US records (or whatever country they immigrated to). Develop a body of knowledge about the immigrant in the new country and their spouse, children, siblings, and parents. We will also discuss the current state of Irish records and how to approach them.
