## Brick Walls/Road Blocks

The talk will focus on Brick Walls, that I tend to call Road Blocks and possible approaches on getting through or around them.

About Our Speaker: **Tom Clasper**

Tom has been searching his roots since 1985, beginning with the original family tree software (PAF) developed by the Church of Latter Day Saints (LDS) which evolved into Family Tree Maker 2017. Tom has used many resources, both paper based and on-line, to find primary documentation for his family tree and other people.
